

A boldly
drinkable
surprise.

Pure
liquid
heaven.

Never before has flavor so rich been made with such incredible and drinkable smoothness. This American-brewed, German-style Doppelbock is truly the Mother of all Blondes. Not just Blonde, but "Platinum" Blonde.

Drink in the aroma. Drink in the label. Read it. Memorize it. Then open your mouth and savor what we believe is "pure liquid heaven." Everything a Doppelbock should be. One that gets better with age. Go ahead. Stash one away.

AVAILABLE: MARCH - AUGUST

Product Description:

A deep golden color leads one to an extremely flavorful, yet very drinkable beer of great character. Treat this malt monster with respect!

ABV 7.8%

"Onto the doppelbocks! We in the Midwest are blessed to have the Capital Brewery, known for it's expansive lineup of lagers. Their Blonde Doppelbock (98 points) came at the palate with an attack of wonderful aromatics-fruity caramel, spicy honey and golden raisin bread. The tasting notes remarked on the enveloping layers of caramel, toasted grains and marmalade. Try this brew with dried fruits and spiced nuts."

March 2008
